Administrative & Recruitment Assistant

Cebu, Philippines · 0929-841-5211 · cristejoycalosor13@gmail.com

[Portfolio](#)

PROFILE

Administrative and recruitment assistant with experience in online research, digital organization, candidate sourcing, manual applicant tracking, and interview support. Supported a CFO search by identifying a candidate who was subsequently hired. Also brings content coordination and customer-support experience.

RELEVANT SKILLS

Online research · Candidate sourcing · Manual applicant tracking · Shortlisting and interview support · Digital file organization · Content preparation · Task coordination · Customer communication

Tools used: Canva, CapCut, ChatGPT, Claude, Codex, VS Code.

RELEVANT EXPERIENCE

Remote Imaging Consultants — Recruitment Support, CFO search · March–April 2026

- Created hiring graphics and posted the CFO opening across relevant pages and groups.
- Sourced prospective candidates, manually recorded applicant information, and shortlisted against role requirements.
- Supported interviews and identified the candidate within one week; the candidate was hired three days later.

Best of Cebu — Video Editor & Content Creator · June 2025–September 2026

- Researched local businesses, interviewed owners, and organized information for articles and digital content.
- Organized photos, videos, receipts, and business details by date and location.
- Coordinated weekly content priorities with the CEO and prepared assets for upcoming assignments.

vCUSTOMER Philippines — Associate, Customer Support · September 2024–April 2025

- Processed customer orders, returns, and account updates using internal systems.
- Maintained accurate customer records and followed company procedures.
- Helped upset customers feel heard and calmly explained what happened with their orders and the relevant policies.

BRIEF PROJECTS

CashBelle and Goddess Plan — independent personal projects, AI-assisted development · 2026

- Planned features, information, page layouts, and navigation for personal finance and routine-planning apps that I use.
- Directed AI-generated implementation, reviewed visible results, tested interactions and mobile layouts, and deployed updates.
